1. To permit The Meridian Resource and Exploration LLC – Addison 28 No. 1 Well to be drilled, designated and utilized as alternate unit well for the BOL P RM SUA, said well to be at the location shown on the plat attached hereto and made a part hereof.
2. To find that this well is necessary to efficiently and economically drain a portion of the reservoir covered by each unit which cannot be so drained by any existing well within such unit.
3. To permit the operator to produce the unit allowable for the aforementioned unit from the existing unit and alternate unit well, the proposed alternate unit well, or in any combination at the discretion of the operator.

May 11, 2001

LISKOW & LEWIS

Page 2

4. Except to the extent herein set forth, to continue in full force and effect the provisions of the 479-C Series of Office of Conservation Orders and the units created thereby.

5. To consider such other matters as may be pertinent.

The Bolivina Perca Sand, in the South Thornwell Field, Jefferson Davis Parish, Louisiana, was previously defined in Office of Conservation Order No. 479-C, effective January 1, 1962, and was further defined in Office of Conservation Order No. 479-C-22, effective November 14, 2000.

The additional alternate unit well proposed above will permit efficient and economic recovery of hydrocarbons underlying the unit and will not adversely affect the adjacent offsetting units. Also, this well is necessary to satisfy the market demand for gas and condensate from the field. For these reasons, the applicant respectfully requests permission to drill, designate and utilize the additional well to serve the BOL P RM SUA.

Attached hereto and made a part hereof is a plat outlining the applicant's proposal and a list of the names and addresses of the Interested Owners, Represented Parties and Interested Parties to whom a copy of this application is being sent. Pursuant to the Revised Rules of Procedure, such list of parties is being furnished only to the Commissioner of Conservation and to the District Manager of the Lafayette District of the Office of Conservation. However, the list of parties will be provided to any party requesting a copy of it. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Interested Parties and Represented Parties.

Finally, enclosed herewith is our check on behalf of the applicant in the amount of \$700.00 made payable to the Office of Conservation and representing the required hearing application fee.

Very truly yours,

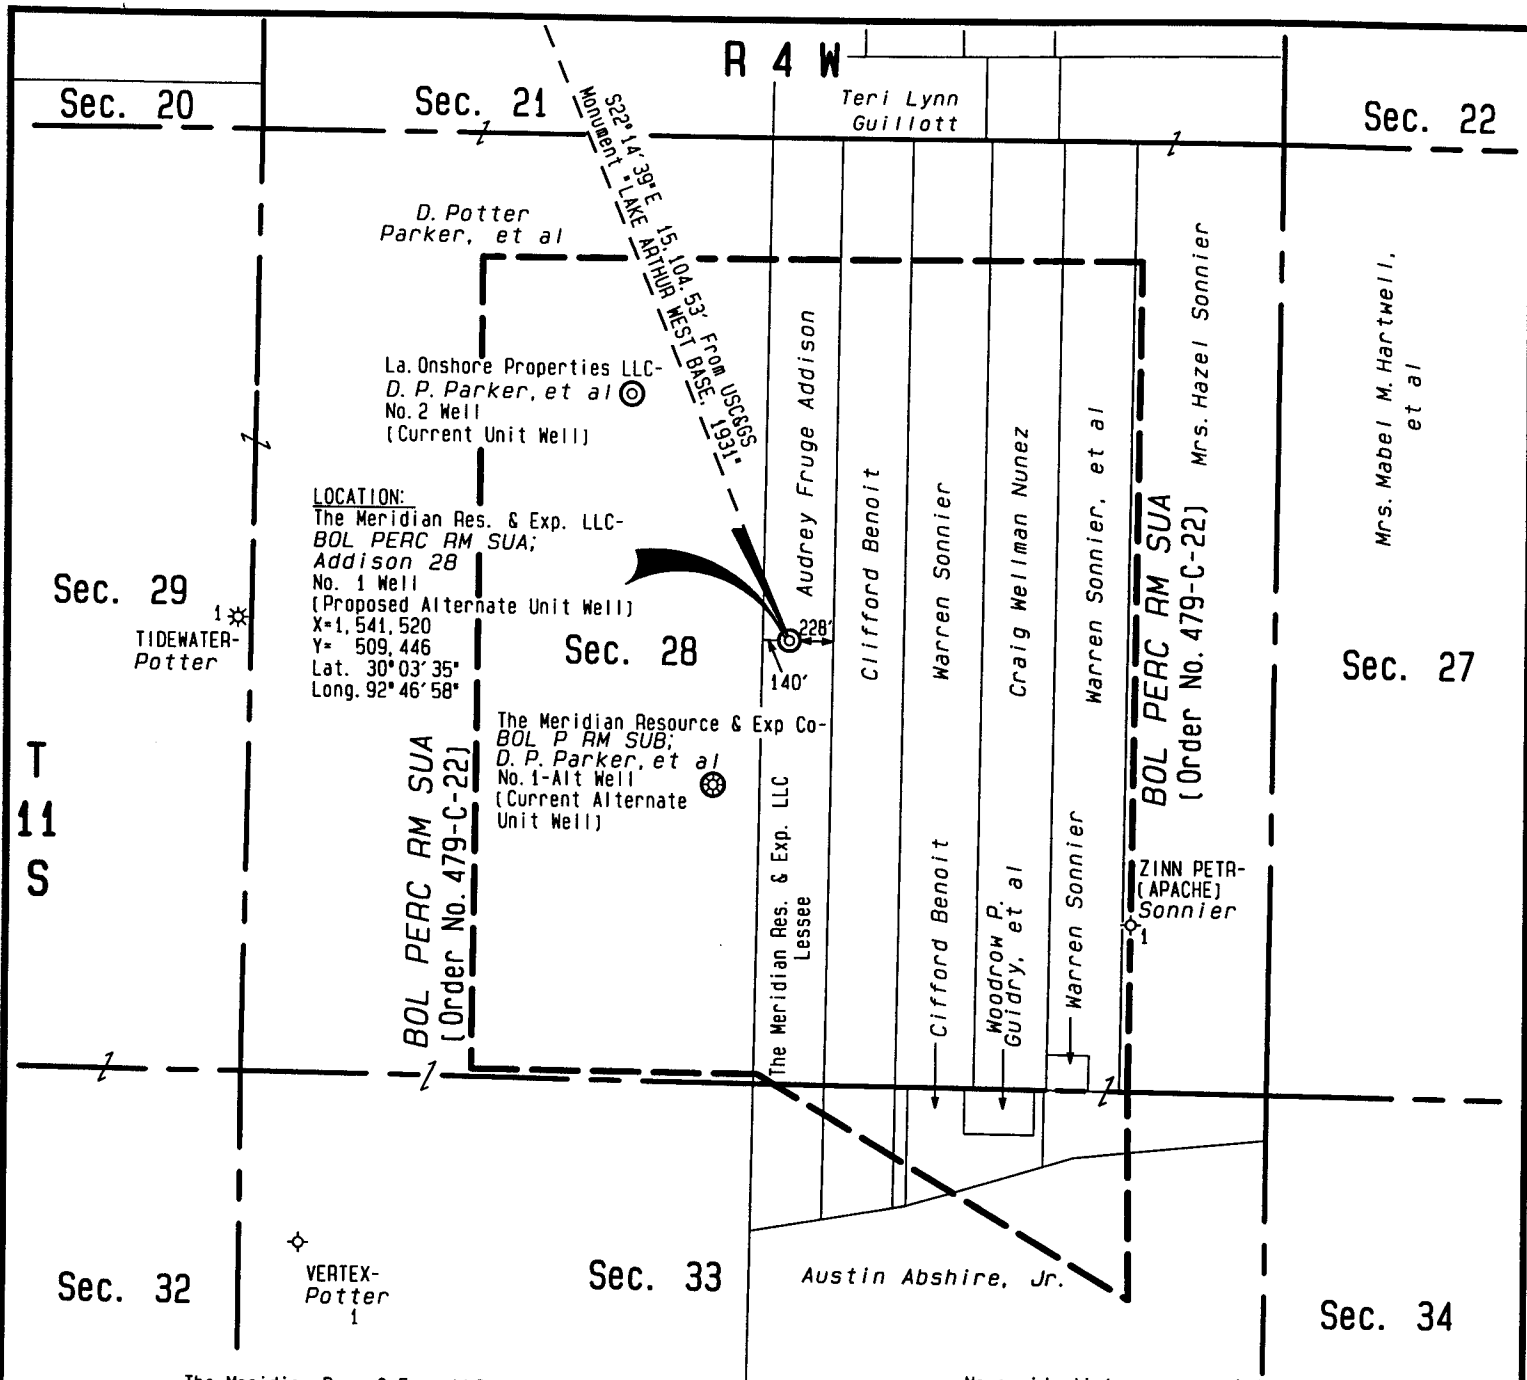

Richard W. Revels, Jr.
